## MUNICIPALITIES IN ONTARIO

As of Sept. 30, 1959

Cities (Counties 25, Districts 5) .....	30
Towns (Separated from County) .....	8
Towns (Counties 101, Districts 48) .....	149
Villages (Counties 144, Districts 10) .....	154
Townships (Counties 428, Districts 146) .....	574
Improvement Districts (Counties 1, Districts 22) .....	23

Total Local Municipalities .....	938
Counties (43)* .....	38
Metropolitan Toronto .....	1

Total Incorporated Municipalities.....977

The northern portion of the Province of Ontario is divided into 11 Districts and the southern portion into 43 Counties. The union of the following counties, Leeds-Grenville, Northumberland-Durham, Prescott-Russell and Stormont-Dundas and Glengarry reduces the county administrations to 38 distinct units for local government. The districts, unlike counties, are not organized for municipal purposes and as a result, the 231 incorporated municipalities contained therein are not united for municipal administration.

With the exception of the 25 cities, the 13 municipalities comprising the municipality of metropolitan Toronto and the 8 separated towns which are located within counties, the remaining 661 local municipalities in counties are united for administration in the counties of which they form part. This relationship is for the purpose of the administration of inter-related interests such as education, roads, welfare and administration of justice. Members of the County Councils are composed of the reeves of all the local municipalities within the county and in certain cases the deputy reeves.

The 8 separated towns are: Brockville, Gananoque, Ingersoll, Prescott, Riverside, St. Mary's, Smiths Falls, Trenton.

### POLICE VILLAGES

In addition to the organized villages listed elsewhere in the Ontario section of the Canadian Almanac, there are some 171 police villages.

A police village is run by a Board of Trustees elected by the residents. The Board of Trustees runs its local affairs, but cannot levy any taxes or make by-laws which involve the borrowing of money. It has to send in a requisition to the authorities of the township of which it is part for any finances it requires, such as for local improvements or lighting or village constabulary.

\*There are 43 Counties, some of which are united for purposes of local government as follows:  
Leeds and Grenville,  
Northumberland and Durham,  
Prescott and Russell,  
Stormont, Dundas and Glengarry.

### METROPOLITAN TORONTO

The municipality of Metropolitan Toronto, by act of legislature, Bill 80 controls the following utilities in 13 autonomous, contiguous municipalities and urban townships certain roads in Metropolitan Toronto, Toronto Transit Commission, Metropolitan School Board, Metropolitan Toronto Planning Board, Works Department, Police Department.

The areas affected are: City of Toronto, Township of York, Township of North York, Township of East York, Township of Scarborough, Township of Etobicoke, Village of Forest Hill, Town of Leaside, Town of Mimico, Town of New Toronto, Village of Long Branch, Town of Weston, Village of Swansea.

### DATES OF MUNICIPAL ELECTIONS

Municipal elections in Ontario are held at various dates provided for by The Municipal Act, Chapter 266, R.S.O., 1937, sections 64-71 as amended.

Section 64 provides that the nominations shall be held at noon on the last Monday in December except when the last Monday is Christmas day in which case nominations shall be held on the preceding Friday, and the date for polling shall be the first Monday in January; unless council under authority of section 65, not later than November 1st, passes a by-law fixing dates during the period November 15th to January 2nd both inclusive for nominations and elections, said dates to be other than a Sunday or the 24th, 25th or 31st of December and provided the day fixed for nominations is not less than seven days prior to the day fixed for polling in force until repealed, but no appeal or amendment after 1st of November of any year.

In addition, when new municipalities are erected, the Municipal Board may set the date for the holding of their first elections.

The Northwest Territories comprise all that part of Canada north of the Sixtieth Parallel of North Latitude, except the portions thereof within the Yukon Territory and the Provinces of Quebec and Newfoundland, and the islands in Hudson Bay, James Bay and Ungava Bay, except those islands within the Provinces of Manitoba, Ontario and Quebec. The Act also provides

for a Council consisting of nine members, one of whom is Deputy Commissioner. Of the nine, four are elected by the people of Mackenzie District to represent four constituencies in that District, and five are appointed by the Governor in Council. Legislative powers are exercised by the Commissioner in Council on such matters as direct taxation within the Territories in order to raise revenue, maintenance of municipal institutions, licenses, solemnization of marriages, property and civil rights, administration of justice, education, public health and generally all matters of a local nature. ## CANADIAN GOVERNMENT ANNUITIES

The Government Annuities System was set up in 1908 to encourage persons resident or domiciled in Canada to save for their old age by the purchase of deferred annuities and to enable older citizens to stretch out their accumulated savings by the purchase of immediate annuities. Canadian Government Annuities are payable for life and may be guaranteed for a period of years certain. Under deferred annuities, premiums are returned with interest if the annuitant dies before the annuity commences. The maximum amount of annuity obtainable is \$1,200.00 a year. It may be obtained with an income reduction of \$55.00 a month at 70, thus fitting in with the Old Age Security Act, in which event the maximum is the actuarial equivalent of \$1,200 a year.

Individual contracts are in most instances eligible

for registration as Retirement Savings Plans to get tax exemption on premiums in accordance with Section 79B of the Income Tax Act.

Employers may operate their pension plans through the purpose of Government Annuities for, or on behalf of, their employees. There are 1,195 such pension plans in operation, covering 204,853 working employees. In addition, there are 115,190 individual deferred annuity contracts in force. Annuity in the annual amount of \$41,497,049 is being paid under 78,986 individual contracts and group certificates.

The premiums are moderate and annuities may be purchased through Canadian Government Annuities offices in 49 communities across Canada, or directly from Head Office.

For full particulars apply to C. R. McCord, Director of Annuities, Department of Labour, Ottawa.

Founded in 1880 by the Marquis of Lorne for the custody of diploma works of the Royal Canadian Academy and the formation of a national art collection, the National Gallery was incorporated in 1913 by Act of Parliament and placed in the care of five trustees responsible to the Minister of Public Works. A new Act of 1951 transferred it to the Department of Citizenship and Immigration and increased the number of trustees to nine.

The Gallery houses a permanent collection of European, British and Canadian paintings, sculptures, prints and drawings, and holds temporary exhibitions

as well. As part of its nation-wide program it organizes travelling exhibitions of the art of other countries, and sends shows of Canadian painting to all parts of the world, Radio broadcasts, lecture-tours, the distribution of colour reproductions and the lending of films, slides and reproductions are some of the means by which the Gallery extends its services across Canada.

In addition, the National Gallery maintains an Industrial Design Division, to encourage good design in Canadian manufacture by means of awards and scholarships, and to stimulate public interest through exhibitions. It has its own library, and keeps a photographic file of original Canadian designs.

## THE NATIONAL MUSEUM OF CANADA, OTTAWA

The National Museum of Canada originated in the Geological Survey of Canada which was founded in 1842 by Sir William Logan. Formerly the Victoria Memorial Museum, authority to designate it as the "National Museum of Canada", was given by Order-in-Council P.C. 2615 of January, 1927.

In 1957 the Museum was divided into two branches—the Natural History Branch which carries out scientific research and is responsible for exhibits in the field of natural history, and the Human History Branch which has the same responsibilities in the field of human history.

## NATURAL HISTORY BRANCH

The Natural History Branch deals with the sciences of Botany, Zoology, Palaeontology, and Geology. Its study collections are open to research by properly qualified students. They include over 255,000 sheets of vascular plants besides 83,000 cryptograms, 25,500 mammals, 44,000 birds, 25,500 specimens of amphibians and reptiles, smaller collections of fishes,

and numerous marine invertebrates. There is an outstanding collection of dinosaurs and other fossil vertebrates. Scientific and educational publications on this material are available for distribution.

#### ART AND ARCHAEOLOGY DIVISION

*Head*, A. D. Tushingham, B.A., B.D., Ph.D.; *Curator, Far Eastern Department*, Henry Truhner, M.A.; *Research Curator, Far Eastern Department*, Miss H. E. Fernald; *Department of Ethnology*, K. E. Kidd, M.A.; *Greek and Roman Department*, Professor J. W. Graham, M.A., Ph.D.; *Modern European Department*, Professor G. Brett, M.C., M.A.; *Near Eastern Department*, Miss W. Needler, B.A.; *Textile Department*, Mrs. G. Brett; *Canadiana Collections*, Mr. F. St.G. Spendlove; *Chief Cataloguer*, Miss D. Hecken, Ph.D.; *Chief Conservator*, W. Todd; *Display Chief*, Harley Parker; *Librarian*, Miss C. Osborne; *Chief Cabinet-maker*, A. Barker; *Chief Preparator*, F. Capel.

The large collections of this division, housed in 78 galleries, illustrate man's life, skills and arts through many centuries and in many lands—from the stone ages through the historical periods. The Near Eastern galleries document his earliest attempts to achieve an ordered, sedentary existence particularly in Egypt, Mesopotamia and neighbouring lands. Objects from Crete, Cyprus, Greece and Italy demonstrate the important pre-classical and classical heritage. The fine collection of Greek vases is particularly significant. The cultural history of Europe through the mediaeval and into the modern period is set forth in arms and armour, sculpture, ceramics, silver and glass, furniture, textiles, and costumes. Canada's cultural past is illustrated by textiles, furniture and wood carving in the main building and by paintings, prints and memorabilia in the Sigmund Samuel Canadiana Collection housed in a separate building at 14 Queen's Park. The Far Eastern collection is of great importance with stress laid on Chinese bronzes, ceramics, jades, lacquers and

tomb groups. The Ethnological collection is very large, illustrating the cultures of the American aborigines in North, Central and South America but containing important materials from all over the world.

Continually changing Special Exhibitions utilize both loan materials and objects from the Division's own collections to focus public attention on particular aspects of man's culture.

#### EARTH SCIENCES DIVISION

*Head of the Division and Curator of Mineralogy*, V. B. Meen, M.A., Ph.D.; *Associate Curator of Mineralogy*, Joseph A. Mandario, M.S., Ph.D.; *Curator of Geology*, Walter M. Tovell, B.A., M.S., Ph.D.; *Chief of Design and Display*, J. Hillen.

This division occupies three galleries.

The mineralogy gallery contains an unusually complete series of minerals from all parts of the world, as well as a special collection of Canadian minerals; collections of cut gems, crystals, meteorites, rocks; and a special series to illustrate the mineral association found in deposits of gold, silver, lead, zinc, uranium and nickel, as well as certain non-metallic series. Among the popular exhibits are a reconstructed crystal cave and a collection to show the fluorescence of minerals.

A gallery of physical geology was opened in 1957. It contains exhibits devoted to geological processes such as glaciation and rock formation, and it also has the six-foot diameter Bickell Globe that divides to show the earth's interior. A new gallery of Applied Geology is being constructed.

#### LIFE SCIENCES DIVISION

*Head*, F. A. Urquhart, M.A., Ph.D.; *Birds*—*Curator*, L. L. Snyder; *Mammals*—*Curator*, R. L. Peterson, M.Sc., Ph.D.; *Fishes*—*Curator*, W. B. Scott, Ph.D., *Assistant Curator*, E. J. Crossman, Ph.D.; *Amphibians and Reptiles*—*Associate Curator*, E. B. S. Logier; *Invertebrates*—*Curator*, F. A. Urquhart, M.A., Ph.D., *Assistant Curator*, G. B. Wiggins, M.A., Ph.D.; *Fossil Vertebrates*—*Associate Curator*, L. Sternberg, *Assistant Curator*, A. G. Edmund, M.A., Ph.D.; *Fossil Invertebrates*—*Assistant Curator*, R. H. Lemon, M.A., Ph.D.; *Art and Exhibits*—*Chief*, T. M. Shortt.

The gallery of Canadian animals features a reasonably complete collection of well-displayed mammals and birds. Numerous habitat groups and special displays explain life histories and other features of interest. Now under construction is a gallery which will show the life habits and adaptations of reptiles from all areas of the world, as well as a comprehensive display of the amphibians and reptiles of Canada. The recently-built gallery of fishes has a colourful systematic series, plus several excellent habitat groups and models of commercial fishing equipment. Displays in the gallery of foreign animals include representatives of most groups of mammals, birds and insects. The four galleries in the palaeontology section contain many rare and unique specimens. The systematic collection of invertebrates, while cosmopolitan, is especially rich in Canadian lower Paleozoic forms. The various kinds of invertebrate fossils are described along with modern descendants in special displays, and there are reconstructions of animals and habitats of all geological ages. The dinosaur gallery features many complete skeletons and type specimens from the Cretaceous of Western Canada. A recent addition to the gallery of fossil mammals and fishes is an exhibit of bones recovered from the tar pits of Peru by a museum expedition.

The scope and authenticity of the gallery displays is made possible by the continuous study of the vast library and research collections maintained in the departmental laboratories. The collections are also used by scholars the world over, being especially rich in birds, mammals, spiders, aquatic insects, Cretaceous dinosaurs and lower Paleozoic invertebrates.

#### DIVISION OF EDUCATION

## THE RELIGIOUS SOCIETY OF FRIENDS

### QUAKERS

The Religious Society of Friends originated in England in the 17th Century. Its distinctive Christian witness has been based on what has been called "The Inner Light". Quakers believe that "there is something of God in every man", and that human personality is of great importance. From this conviction arises the Quaker way of worship and the well-known interest in peace, penal reform, and other questions involving the use of goodwill in overcoming evil. *Presiding Clerk*: M. B. Willson 177 Willson Rd., Welland, Ontario.

### CHURCH STATISTICS

*Clergy*: 13; *Churches*: 6; *Members of the Canadian Council of Churches*.

### THE SYNAGOGUE IN CANADA

There is no federation of synagogues in Canada. Each synagogue is autonomous, is responsible to no superiors, affiliated with no hierarchy. Any group of Jews may form a synagogue, which does not necessarily require the services of a rabbi, any individual being eligible to lead in the recital of prayers.

There are three tendencies evident in Judaism—orthodox, conservative and reform. The orthodox tendency parallels the fundamentalist movement in Christianity; the reform tendency is modernism in Judaism; the conservative tendency is the middle movement.

Several synagogues in Canada are affiliated with the Union of American Hebrew Congregations, the federation of reform synagogues. Several other Canadian synagogues are affiliated with the United Synagogue of America (conservative). Most of the Canadian congregations are orthodox and are not affiliated with any parent organization, which in any case has no authority over its constituent members.

*Director, Council of Canadian Reform Congregations*, Rabbi Bernard Baskin, Temple Anshe Sholom, Hamilton, Ont.

### BAHA'I WORLD FAITH

The Baha'i World Faith, which was founded in 1844, has its headquarters in Haifa, Israel, and claims adherents in 255 countries. Canadian Baha'is are located in some 170 centres throughout the country.

32 of which elect local Spiritual Assemblies. The National Spiritual Assembly of the Baha'is of Canada was incorporated by Act of Parliament in 1949.

## YOUR SINS AND MINE

by Taylor Caldwell

Throughout written history man's inhumanity to man is a frightful thing.

In *Your Sins and Mine*, Taylor Caldwell, one of the world's most widely-read women novelists, takes all humanity to task for its greed, hate, and drift towards materialism.

The punishment of the Diety is symbolized by a revolt of the earth itself against Man; a revolt with staggering consequences.

If the literary seer Jules Verne had written this dramatic novel it is possible people today would heed the warnings of impending catastrophe. Taylor Caldwell's well-written warning, in conjunction with the news in our daily papers, should make us all pause — — and consider.

Here is a thought provoking book for age groups from intelligent teen-agers to patriarchs; a book with a warning for religious, atheist and agnostic.

## PHILOSOPHY AND THE MODERN WORLD

by Albert William Levi

Mr. Levi, who has written three books, edited one, and contributed to many publications in the field of philosophy considers *Philosophy and the Modern World* his most important book. Readers will concur in this opinion.

The dilemma of modern man as exemplified in the thinking of sixteen of the outstanding thinkers of our time, including Bergson, Spengler, Toynbee, Freud, Marx, Lenin, Veblen, Einstein, Planck, Russell and Whitehead, Carnap, Wittgenstein, Moore, Jaspers, and Sarte, is brilliantly analyzed and related to the two big contemporary problems, as Mr. Levi sees them: fragmentation of society and of human personality, and the conflict between claims of reason and the irrational element in man. Not only a comprehensive introduction to modern thought but a stimulating commentary.

Well indexed and annotated, *Philosophy and the Modern World* is a worthwhile addition to any library, collection, or desk.

## FISHERY REGULATIONS, GAME LAWS, CLOSED SEASONS, LICENCES, &c.

The Canadian Government has the sole legislative authority over the fisheries of Canada, both coastal and inland, under which laws are made for the protection and conservation of the fisheries in all the provinces. The provinces, however, have property rights in the non-tidal fisheries. Over a period of years various arrangements have been made between the Dominion and the provinces dividing the administrative (but not the legislative) authority over fisheries. Under these arrangements the Federal Government not only legislates but also administers the fisheries in all Canadian tidal waters except those of Quebec. In the non-tidal waters of Canada the Federal Government administers the fisheries of the Yukon, Northwest Territories, Nova Scotia, New Brunswick, Prince Edward Island and Newfoundland. The non-tidal fisheries of the other provinces are administered by the provincial authorities who enforce, on behalf of the Federal Government, the Federal laws regulating the fisheries as such.

Fisheries in National Parks of Canada are under the administration of the National Parks Service of the Federal Department of Northern Affairs and National Resources, Ottawa.

For further information as to fisheries regulations apply to the Department of Fisheries, Ottawa, or, in the case of National Parks, to the National Parks Service, Ottawa. For information as to fishing licence fees in any area apply to the administrative authority indicated above.

### GAME LAWS

Migratory birds are protected under a Federal law known as the Migratory Birds Convention Act, administered by the Canadian Wildlife Service, Department of Northern Affairs and National Resources, Ottawa, in conjunction with the Royal Canadian Mounted Police and in co-operation with the provincial game authorities. This Act is based upon the Migratory Birds Treaty with the U.S.

With this exception, and except in National Parks, game laws are under the administration of the various provinces and territories.

A Federal law, the Game Export Act, passed in 1941, prohibits the export of game from any province or territory without permit from the province or territory. It has been proclaimed for all provinces and territories except Prince Edward Island.

Details as to closed seasons, licences, etc., are not given here, owing to the fact that regulations for the ensuing months are, in some cases, not available when this volume goes to press and where available are often subject to changes before the opening of the season.

Full information concerning the Federal laws mentioned above may be obtained by writing to the following address: Chief, Canadian Wildlife Service, Ottawa; and respecting provincial game laws by writing to the addresses given below:

The Institute is a private organization supported by some Government grants and public subscriptions. Its Employment Department trains and places blind men and women in general business and industrial positions. It operates sheltered shops to afford employment for blind men and women who, because of age, physical handicaps, or personal preferences cannot work in regular industry. It controls tobacco stands, news stands and industrial cafeterias, managed by the sightless. It gives instruction in Braille reading and writing, typewriting and handicrafts. It supplies raw materials at cost and provides facilities for the sale of articles made by home-workers. It maintains libraries of Braille and Talking Books. Every division has a social service department, and in some of the larger cities (22) there are residences

and rehabilitation centres for the blind. The Institute is also active in preventing blindness wherever possible. C.N.I.B. maintains a year-round recreation program as a means of adjustment and development for the blind.

The Eye Bank of Canada, providing healthy tissue for the sight-restoring corneal transplant, is a CNIB Service.

## WEIGHTS, MEASURES, AND STANDARDS IN CANADA

The Weights and Measures Act, R.S.C. 1952, Chapter 292, Sections 9, 12 and 13, establishes the standards of length, weight and capacity for Canada. Multiples or fractions in addition to those shown below can be found by referring to Sections 9, 10, 11, 12 and 13. The standard measure of length is the yard; one third of the yard is the foot; the twelfth part of the foot is an inch; and the cord contains one hundred and twenty-eight cubic feet. The standard measure of weight is the pound (avoirdupois); one-sixteenth of the pound is an ounce ( $437\frac{1}{2}$  grains); one seven thousandth of the pound is a grain; a cental or hundred weight is one hundred pounds; a ton is two thousand pounds; an ounce troy is four hundred and eighty grains. The standard measure of capacity, for liquids or otherwise, is the gallon that contains ten Canadian standard pounds weight of distilled water weighed in dry air

against brass weights of density 0.30346 of a pound per cubic inch with the water and air at sixty-two degrees Fahrenheit and the barometer at thirty inches. The quart contains one-fourth of the gallon; the pint contains one-eighth of the gallon; a bushel contains eight gallons; and the hundred and sixtieth part of the gallon by volume is a fluid ounce.

### IMPERIAL MEASURE

The gallon, sometimes known as the "Imperial Gallon," contains 277.42 cubic inches. This compares with the American gallon of 231 cubic inches (liquid) and 268.80 cubic inches (dry). The more common comparison between liquid gallons places the Canadian about 20% greater in volume than the U.S. The common conversion fraction is 6 to 5 in favour of the Canadian gallon.

1. Establishment of grades or standards of quality for fruits, vegetables and honey.
2. Prescribes conditions relative to inspection, grading, marking of packages, shipment, and sale of fruit, vegetables and honey produced within or without Canada.
3. Establishment of standard packages for various kinds of fruits, vegetables and honey.
4. Provides for the detention of fruit, vegetables, honey or packages in respect of which an offence under the Act or Regulations has been committed.
5. Prescribes penalties for contravention of any provisions of the Act or Regulations.

**Grade A**—The highest commercial grade; very good internal quality, clean and sound in shell; packed in four weights as follows—

**Grade A Extra Large Size**—Eggs weighing individually at the rate of 27 oz. or more per dozen.

**Grade A Large Size**—Eggs weighing individually at the rate of 24 oz. or more per dozen.

**Grade A Medium Size**—Eggs shall weigh individually at the rate of 21 oz. per dozen and up to but not including 24 oz. per dozen.

**Grade A Small Size**—Eggs shall weigh individually at the rate of 18 oz. per dozen and up to but not including 21 oz. per dozen

**Grade B**.—The second grade, reasonably clean and sound in shell, weighing individually at the rate of 21 oz. or more per dozen.

**Grade C**.—The lowest grade, comprising eggs not permitted to be graded in Grades A and B, but which are still not of a condition unfit for human consumption.

**Crack**—Eggs with cracked shells. They must be packed separately.

**Grade A1**.—This grade is marketed only from farms holding a permit which is based on the suitability of production conditions; packed in three weights, Large, Medium and Small, the weights of which are the same as for Grade A.

## MEASUREMENT OF SHIP TONNAOE

Followed by the British Board of Trade; applying to all ships in the British Merchant Service, including

Canadian registered vessels.

GROSS TONNAOE is the unit of volume containing 100 cubic feet in the internal volume of a vessel under the tonnage deck to which is added: (1) the 'tween deck space, if any, above the tonnage deck. (2) the volume of permanently closed-in spaces above the upper deck available for cargo stores, or for passengers and crew and (3) any excess of hatchways.

NET OR REGISTER TONNAOE. The Net or Register Tonnage is the Gross Tonnage as found above less deductions for crew space, stores, navigation spaces, allowance for propelling power and other deductions allowable under the Merchant Shipping Act.

DEADWEIGHT TONNAOE is the amount of cargo, equipment and effects on board, and is expressed in tons of 2240 lbs. each; or alternatively it is the difference in the displacement at a given draft and the displacement of the vessel "lightship" with water in boilers to working level and ready for steam but with none of the above mentioned items on board.

### FISH

Fish caught by fishermen in Canadian fishing vessels and the products thereof carried from the fisheries in such vessels, shall be admitted into Canada free of duty, under regulation by the Minister of Customs.

### PROHIBITED GOODS

The importation into Canada of any goods enumerated, described or referred to in Schedule "C" (See P. 798) is prohibited.

### COMBINE CLAUSE

1. Whenever from or as a result of a judgment of the Supreme Court, or Exchequer Court of Canada, or of any superior court, or circuit, district or county court in Canada, it appears to the satisfaction of the Governor-in-Council, that with regard to any article of commerce there exists any conspiracy, combination, agreement or arrangement of any kind among manufacturers of such articles, or dealers therein to unduly promote the advantage of the manufacturers or dealers at the expense of the consumers, the Governor-in-Council may admit the article free of duty, or so reduce the duty thereon as to give to the public the benefit of reasonable competition in the article, if it appears to the Governor-in-Council that such disadvantage to the consumer is facilitated by the duties of Customs imposed on a like article.

### MARKING OF IMPORTED GOODS

The Governor-in-Council may from time to time order imported goods to be marked so as to indicate the country of origin.

Under this provision, the following classes of goods imported into Canada, shall be thus marked or labelled in legible English or French words, and such markings shall be as nearly indelible or permanent as possible, viz.:—

Printed or lithographed matter of all kinds, including books and pictures.

Seals, tickets or labels, irrespective of dimensions when imported in packages or coverings or in strips, sheets or rolls, in quantities in excess of 100 units are subject to the general marking regulations and each seal, ticket or label is required to be marked.

Seals, tickets or labels, exceeding one inch in their greatest dimension whether imported in packages or in strips, sheets or rolls, perforated or otherwise prepared for ready separation into single units, or intended to be used in such single units, must be marked with a satisfactory indication of the country of origin on each single unit. The above when not exceeding one inch, when imported in packages containing not more than 100 each, or in strips or rolls of not more than 100 units, may be marked with a satisfactory indication of the country of origin on the first package or on each strip or roll.

Decalcomania or dry transfers, not including ceramic or enamel transfer, are required to be marked with an indication of the country of origin as printed or lithographed matter. Such marking may be affixed on the back or carrier portion thereof, or on each sheet or roll, in the case of dry transfers, on the package in which such transfers are contained, when marking on the sheet or roll is impracticable.

Decalcomania transfers, imported for advertising and display, will be required to be marked with an indication of the country of origin on the face thereof as heretofore; marking on the back or carrier portion will not be accepted.

Decalcomania transfers known as toy transfers may be marked on each sheet, each book or package.

Imported ceramic or enamel transfers are not required to be marked with an indication of the country of origin.

Blind embossed or die stamped indication of the country of origin on printed or lithographed matter imported into Canada will be acceptable as satisfactory provided the marking otherwise complies with the requirements, particularly as to location, legibility, permanency and wording.

Ordinary printed or lithographed paper or other coverings, wrappers or containers, used merely to cover or contain shipments of goods consigned to Canada, are not required to be marked with an indication of the country of origin.

Printed or lithographed containers imported to contain goods for export, and printed or lithographed labels, stickers or wrappers, imported to be attached to goods manufactured or produced in Canada for export trade, may be exempted from the provisions of Section 16 of the Customs Tariff Act, provided the importer signs a certificate on the face of each entry as follows:

"The containers, labels, stickers or wrappers, described on this entry are imported bona fide by the undersigned to contain or to be attached to goods for export, and will be exported with such goods."

Imported containers, labels or wrappers, printed or lithographed, intended to be filled with or used upon domestic products may be marked in such a manner as to indicate the origin of the goods in their condition as imported, for example: "Label printed by John Jones, New York," thereby avoiding an improper imputation of origin in respect of the Canadian manufactured goods with which such imported containers, labels or wrappers are used.

Printed or lithographed matter, imported in single copies, unbound, for the use of the importer and not for sale, for religious, philosophical, educational, scientific or literary purposes, or for the encouragement of the fine arts, may be delivered without being marked with an indication of the country of origin.

Books may be marked on the inside or outside of the front or back cover, the first or last page, or the title page.

Writing, marking or drawing pencils of all kinds pen holders of wood, and fountain pens.

Blind embossed or die-stamped indications of the country of origin on wooden or fibre lead pencils and penholders will only be accepted (1) on plain unpainted pencils and penholders without any other lettering thereon, when legible (2) on plain painted pencils and penholders without lettering thereon, when the combination of colours used in the die-stamping and on the pencil or penholder does not result in an indistinct or illegible indication, and (3) on pencils and penholders with lettering or other printed matter thereon, when the indication appears on the pencil or penholder in the same coloured lettering as the other printed matter. The indication on pencils must not be within one inch of an end which is or may be pointed.

Crayons or chalk, covered with wood, paper or other covering as a holder or for protection, are each required to be marked. Uncovered crayons or chalk may be marked on the first or immediate container.

Fountain pens, and pencils other than wooden or fibre lead pencils, may be marked with blind embossed or die-stamped indications of the country of origin in accordance with the general regulations, provided such marking otherwise complies with the requirements, particularly as to legibility, location, permanence and wording.

(i) articles commonly used in connection with the serving of food or drink; or intended or designed for household use for ornamental or decorative purposes;

(ii) kitchenware and utensils;

(iii) heraldic and souvenir ware.

Chinaware and porcelainware must be marked on each piece, except in instances where a lid or cover accompanies a pot, bowl or dish, in which case the lid or cover need not be marked where the pot, bowl or dish itself bears an indication of the country of origin.

An indication of the country of origin will not be accepted as complying with the requirements as to permanency if, although otherwise satisfactory, the marking has been accomplished by means of painting or stamping after the articles have been kiln-fired in the process of manufacture.

With respect to chinaware and porcelainware, the Department will accept the name of the country alone as a satisfactory indication of the country of origin, and will also accept the name of the manufacturing or producing firm accompanied by the country of origin, without the inclusion of the city or province in that country in which the manufacturer or producer is located. In the case of chinaware and porcelainware, the words "Made in," "Produced in,"

or words of similar import are not required.

(See also paragraph commencing "Any goods," etc., under "Prohibited Goods," p. 799.)

One copy shall be filed with the Dairy and Cold Storage Commissioner, the other copy to be retained by the owner or manager and shall be produced for the information of an inspector when required.

**Perishable goods:—**Arrangements have been made for the delivery of perishable goods prior to making the regular Customs entry. For this purpose, the importer may deposit with the Collector of Customs a bond or money sufficient to pay the duty and taxes, and the required entry must be completed within seventy-two hours. When arrangements have been made to deliver goods on this basis, the importer must present his invoice to the proper Customs Officer at the point of arrival, for checking purposes, and must be sure entry is made within the seventy-two hour period, otherwise the arrangement may be cancelled and the deposit seized. Perishable goods are considered to be fruits, vegetables, fish and such like goods that are subject to decay. Similar arrangements can be made for the delivery of newspapers and periodicals.

**Poultry, Dressed:—**No person shall import dressed poultry into Canada unless such poultry has been graded and packed and the boxes marked in accordance with the Regulation respecting the Grading and Marking of Dressed Poultry. No more than twelve birds shall be packed in any one box.

**Perfecting entries.** Sight entries must be perfected as well as entries on Form B1, on which duty is paid, pending production of certificate under Customs regulations for free entry of same, and for which a refund of duty is applied for. (See also Sight Entries on page 805.)

**Pineapple, canned, grading below "Choice Quality"** is prohibited except when imported in containers of not less than one half gallon capacity for re-manufacturing purposes.

**Articles, when imported into Canada temporarily for repairs, adjustments or to be tested, may be admitted without duty or taxes; provided that the articles are such as can be satisfactorily identified and that a deposit or acceptable bond for double the amount of Customs duty and/or taxes be delivered to the Collector of Customs and Excise as security for the exportation of the articles under Customs supervision, or the due entry thereof for consumption, within six months from the date of importation.**

**Refund of Duty.**—No refund of duty paid shall be allowed because of any alleged inferiority, or deficiency, or omission, unless reported to the collector within thirty days of the date of entry or delivery or landing, and the said goods have been examined by the said collector or by an appraiser or other proper officer of Customs, and the proper rate or amount of reduction certified by him after such examination.

Refund on goods returned not according to order must comply with the following conditions:—

- (1) Goods are to be identified by Customs.
- (2) In Customs custody within twelve months of date of entry.
- (3) Proof of export furnished.
- (4) Must be accompanied by export entry in triplicate.
- (5) Delivered under Customs supervision.
- (6) Copy of waybill signed by carrier, also copy of export entry duly certified to by Customs officer at port of exit must be annexed to refund claim.
- (7) Copy of purchase order.

Refund on goods damaged in transit, duty having been paid on the entire shipment according to the invoice, it will be necessary to bill the railway or inland carriers for the amount of the duty in addition to the value of the goods. It will then be up to the railway to produce a short landing certificate from the ocean carriers if the goods are from overseas, or a proof that the goods were lost or destroyed beyond the confines of Canada. When this proof is produced it must be attached to the refund claim.

**Samples, Travellers.**—(1) Imported samples (not Canadian produce or manufacture) such as are carried by commercial travellers intended solely for use in taking orders for similar merchandise and not for sale, together with the trunks and other packages containing same (except when of "no commercial value") are subject to ordinary duty and taxes at each time of importation, but not to special duty in addition thereto; provided, however, that the trunks in which samples are contained may be admitted free after payment of duty and taxes on first importation, if identified to the satisfaction of the Customs Officer.

- (2) Commercial travellers are required to deliver to the Customs Officer for entry purposes a properly certified invoice or a statement in detail, showing the price (wholesale) of each sample as sold for home consumption.
- (3) Cards, portfolios, pasteboard boxes or other coverings containing articles obviously for use only as samples to sell by and having no commercial value, may be admitted free of duty and taxes.

**Special Regulations Respecting Samples from British Countries and from Most Favoured Nation Countries.**

When such commercial travellers' samples are imported temporarily direct by non-residents of Canada from any British country or from any country entitled to most favoured nation treatment in tariff matters by Canada, they may be admitted upon deposit of a sum equivalent to the duty and taxes thereon, such deposit to be subject to refund on the exportation of samples under Customs supervision within twelve months from the date of Customs entry. The importer shall make and subscribe to a declaration on the face of the temporary entry that the goods described therein are bona fide samples for use only in taking orders for merchandise and are to be exported within twelve months.

When the samples are marked by a Customs Officer for identification and the temporary entry duly completed, the Collector may issue his permission for the release of the samples upon receiving the required deposit from the importer.

If all of the samples are not exported a deduction shall be made from the deposit equivalent to the duty and taxes payable on the samples not exported.

Samples admitted to temporary entry on deposit under the special regulations respecting samples from British and Most Favoured Nation Countries may be taken to the United States by the traveller and returned to Canada merely upon report at Customs at any time within twelve months from the date of the temporary entry. On their return the samples may be admitted without entry if, upon being

checked by a Customs Officer against the copy of the temporary entry and invoice in possession of the traveller, the officer is satisfied that the samples are those referred to in such temporary entry.

## CUSTOMS PROCEDURE, ETC.

### EXPORTING TO THE UNITED STATES

The customs laws of the United States, governing the importation of goods, very materially differ from ours. They have no such thing as the manifesting system such as we have, and all merchandise is supposed to be entered at the first port of arrival. However, they have ports termed I.T. Ports (immediate transport ports) to which goods may be forwarded in bond, without appraisement at the frontier port. In this case the goods must be carefully marked "Forwarded in Bond."

Merchandise, in order to be entered under Immediate Transportation, without appraisement at the frontier, must be destined to a designated immediate transportation port, and must be billed via a port at which merchandise may be entered for transportation to another port without appraisement.

These ports through which goods must be billed and to which they must be consigned may be learned from the transportation company as the lists are too extensive to be given space here.

If goods are destined for a foreign country they are entirely under Transportation and Exportation entry in bond, in transit, for exportation from the seahoard port.

### EXPORTING TO OTHER COUNTRIES

Exporters requiring information regarding invoice forms and Customs Regulations of other countries, applying to goods exported from Canada, should write to Department of Trade and Commerce, Ottawa.

### GIFTS TO THOSE ON ACTIVE SERVICE

To be exported as gifts, addressed to members of the armed forces of the British Empire or their Allies, do not require a permit to export.

### GOODS TO BE RETURNED TO THE U.S.

Merchants finding it necessary to return goods not according to order and wishing to obtain refund of duty will be required to make out four different forms to accompany the way bill when goods are shipped back. If shipment is over \$100.00 the forms are as follow:

1. "Foreign Owner's Oath" or "Oath of American Manufacture."
2. American Consular Certificate.
3. Export papers in triplicate.
4. One certified copy of Customs Incoming Manifest.

Where shipment is under \$100.00 the American Consular Certificate and Incoming Manifest are not required.

The intending consignee must send to the U.S. shipper for an affidavit on a prescribed form, mentioned above as the Oath of American Manufacture, declaring the goods to be of United States origin or manufacture, in order that the goods when returned may pass the U.S. Customs without duty.

When this affidavit is received it must be attached to the way bill by the transportation agent here and forwarded along with the goods. This will enable the United States Customs Officer at the frontier to recognize the goods as home manufacture and have them forwarded on to destination without duty. The original U.S. shipper may secure these forms at his Customs, but a better way is for the intending consignee to secure a copy from the local express agent here and forward same to the U.S. firm with all necessary explanation as to line of procedure and thus avoid possible delay.

The American Consular Certificate forms must be

obtained from the nearest American Consul, who will send blank forms in triplicate. These must be filled in as required and returned to the American Consul with his fee, when he will return one copy to the intending consignee, who will attach same to way bill with other documents mentioned.

Export entry, procurable from Customs Department, must be made out by consignee in triplicate and attached to way bill together with the Foreign Owner's Oath, Consular Certificate and Incoming Manifest. One copy will remain on file at the port of exit, the second copy goes to the Customs Department and the third copy will be returned by the Customs officer at the Canadian port of exit to the merchant who returned the goods. He will then attach it to the refund of duty claim along with a copy of the way bill as a guarantee that the goods have been returned.

Goods must be in Customs custody within six months of date of importation.

### CURRENCY CERTIFICATE OF INVOICE

Importers should, when ordering goods from Britain or any foreign country, instruct the exporter or salesman to always give the value of the goods in the home consumption column of the invoice and to show the same in the currency of the country of export.

Internal taxes should be definitely stated.

The exporter should also be very carefully instructed to place on the invoice the currency certificate.

### GOODS SHORT LANDED

In the case of goods duty paid and short received, delivery of same upon subsequent arrival can be obtained, without payment of duty anew, only when the following regulations are observed:—

(a) Notice of the short receipt of goods must be given to the collector in writing within thirty days of entry.

(b) If the goods have been omitted from the shipment, a declaration to that effect must be produced from the exporter.

(c) If a portion of the consignment has been delayed in transit by the carriers, a declaration to this effect will be required from the latter.

(d) No portion of a consignment of goods, duty-paid, in respect of which a short shipment occurs, is to be disposed of by the importer until the appraiser has had an opportunity of checking over the goods.

### SETTLERS' EFFECTS ENTRY

Settlers' effects are admitted duty free, if actually owned abroad by the settler for at least six months before his removal to Canada, and subject to regulations prescribed by the Minister.

Provided that any dutiable article entered as settlers' effects may not be so entered unless brought by the settler on his first arrival, and shall not be sold or otherwise disposed of without payment of duty until after twelve months' actual use in Canada.

Settlers' effects, viz:—Machines and implements for agricultural purposes, moved by mechanical power, and motor vehicles valued at not more than \$2500 and boats for fishing purposes, if actually owned abroad by the settler for at least six months before his removal to Canada, are free subject to regulations prescribed by the Minister of National Revenue.

Provided that in respect to motor vehicles valued in excess of \$2500 duty shall be payable only on the amount in excess of \$2500.

Provided further that the said machines, vehicles, implements and boats may not be so entered unless brought by the settler on his first arrival, and shall not be sold or otherwise disposed of without payment of duty until after twelve months' actual use in Canada.

#### AUTOMOBILES IMPORTED BY NON-RESIDENTS FOR PLEASURE PURPOSES ONLY

1. Automobiles imported by non-residents for their personal transportation may be admitted without the payment of duty thereon, under Traveller's Vehicle Permit (Form E. 50) subject to the following regulations:

On arrival at the frontier Customs port of entry, the driver of the automobile shall report at Customs and apply for a permit. The applicant for a permit shall be a non-resident of Canada and a temporary visitor therein. He or she shall be the owner of the automobile, or a member of the immediate family of the owner, who is also a non-resident of Canada, or shall be able to produce written authority from the owner to use such vehicle.

The automobile shall be admissible only when imported for the use of the non-resident permit holder, for the transportation of such non-resident, his family and guests, and such incidental carriage of articles as may be necessary and appropriate to the purposes of the journey, but not to be used for the transportation of persons or articles for hire, nor in any case primarily for the carriage of articles. The use by any other person than the non-resident permit holder shall result in seizure and forfeiture of the vehicle.

No fee is to be collected for Customs attendance at any time in connection with the entry of travellers' automobiles.

2. *Temporary Admission, forty-eight Hours, at Ports and Outports on the Frontier Only*—In respect of automobiles entering Canada for a stay not exceeding forty-eight hours, when the Collector or Sub-Collector is satisfied that conditions of subsections (a) and (b) of Section 1 are complied with, he is authorized to permit entry upon the owner surrendering his State license card, which will be returned to him on the return journey. In such cases, the use of Form E. 50 may be dispensed with.

3. *Traveller's vehicle Permits for a Period not Exceeding Sixty Days*—In respect of automobiles entering Canada for a period not exceeding sixty days, the Collector, if satisfied that the conditions stipulated in sub-sections (a) and (b) of Section 1 are complied with, may admit the vehicle without formal entry and may issue a permit on Form E. 50 for a period not exceeding sixty days.

(a) Should a traveller who has been granted a sixty-day permit desire an extension for a further period up to six months from the time of original entry, he may, upon presentation of the permit before the expiry date of same, apply for such extension to any Collector or Sub-Collector of Customs and Excise, who, upon being satisfied as to the bona fides of the use of the automobile may issue a new Form E50 and retain the expired permit for cancellation.

4. *Traveller's vehicle Permits for a Period in Excess of Sixty Days*—If, on reporting at the Customs frontier port of arrival, the non-resident owner of an automobile desires a traveller's vehicle permit for a period in excess of sixty days, the Collector, if satisfied that the conditions stipulated in sub-sections (a) and (b) of Section 1 are complied with, may admit the vehicle without formal entry and may issue a permit on Form E. 50 for the period designated by the traveller, such period, however, in the first instance, not to exceed six months.

If, through accident, illness or other unusual circumstances, the exportation of the vehicle at the expiration of six months from the date of the original entry cannot be effected, the matter shall be reported to the Deputy Minister of National Revenue for Customs and Excise, Ottawa, who, if satisfied as to the bona fides of the application, may authorize the extension of the traveller's vehicle permit for such additional period of time as may be necessary, and may specify the conditions under which such extension may be granted, and with what security.

#### COMMERCIAL VEHICLES

5. *Carrying Passengers Only*.—Automobiles, motor trucks and other motor vehicles may enter Canada and return to the United States without payment of duty on such vehicles when employed in conveying passengers in transit across the frontier, provided they are employed only for through transportation of passengers (either or both ways) between a point or place in the United States and a point or place in Canada. After a careful examination and appraisal has been made of such vehicles to enable the Customs officer to identify them on leaving the Dominion. Commercial Vehicle Permit (Form E. 50-B) shall be issued by the Collector or Sub-Collector on his being furnished with:

(a) a cash deposit equivalent to the duty and taxes payable on the automobile, or

(b) a bond of an approved guarantee company on Form D-3½, or

(c) the special bond of an approved guarantee company on Form D3-A.

On exportation of the vehicle under Customs supervision within a period of thirty days, the cash deposit shall be subject to refund or the bond to cancellation. In default of proof of such exportation within thirty days, the cash deposit shall be taken to account as Customs duty and taxes, and the provisions of the bond enforced.

6. *Carrying Goods*.—Automobiles, motor trucks and other highway vehicles carrying goods (dutyable or not) for delivery to a point in Canada may be admitted under Commercial Vehicle Permit (Form E. 50-B), under the provisions of Section 5 above if proceeding to an interior port with a load (and under the same Section but without requiring a bond if the goods imported thereby are intended for delivery within the limits of the frontier port of arrival, provided the Collector is satisfied that security is not required), subject to due entry at Customs at the frontier port of arrival of all goods to be discharged in Canada, and the payment of all duties and taxes to which such goods may be liable, failing which, they must be forwarded in bond under manifest by railway to the port of destination. Provided, however, that goods arriving by highway vehicles entitled to entry on Form B 4 or B 4½ as settler's effects, and goods for bona fide exhibitions, or horses for racing purposes eligible for entry on Form B. 18, may be allowed to proceed to interior destinations under Commercial Vehicle Permit for the vehicle, and manifest Form A-8 for the goods, without convoy; the same privilege may be granted in respect of articles for special use, and horses for breeding purposes, if the report and deposit required under Memo D No. 23 (Revised 1942) and No. 5 respectively, are not made at the frontier, in which case the report, and deposit (if any) shall be made at the port of destination.

(a) The exemption from duty prescribed in these Regulations shall not apply to vehicles used by peddlers with goods for sale, in which case duty and taxes are to be collected, having due regard to the provisions of Tariff Item 1215.

(b) The term "local traffic" used in this Regulation, and in the bond forms established in connection therewith, and the term "through transportation" shall not be held to prevent motor vehicles of foreign origin and not duty paid brought in by non-residents of Canada and used in the *International Conveyance of Passengers*—from, (i) discharging passengers at different points in Canada on the inward trip, provided such passengers are destined through direct from the point of embarkation to the point of discharge, or (ii) taking on passengers at different points in this country on the outward journey, provided the passengers so laden are destined through direct from the point of lading to a point in a foreign country; *This not to include the privilege of taking on passengers at one point in Canada and discharging such passengers of another point therein.*

7. *Arriving Empty to Obtain Load for Export at Frontier or Inland Port*—Automobiles or motor vehicles of foreign origin and not duty paid, being driven into Canada to obtain a load for export, may be admitted under the provisions of Section 6 if proceeding to an interior port for a load, and under the same Section but without requiring a bond if obtaining the load within the limits of the frontier

port of arrival, provided the Collector is satisfied that security is not required. Export entries must be required in respect of all goods exported by motor vehicle.

8. Automobiles, trucks and other vehicles exported temporarily by residents of Canada.

(a) Automobiles, trucks and other vehicles of Canadian origin, or duty paid in Canada, whether travelling under their own power or transported by rail or ship, may be exported, temporarily, upon execution of Form E-60. This Form (which may be issued and verified at any Port in Canada) and the relative Provincial Motor Vehicle Permit, are required to be shown to Canadian Customs when departing from or returning to Canada. This means of identification permits the car and equipment to be admitted without payment of duty and taxes, except upon the value of repairs and equipment acquired abroad, as noted in paragraph (b).

(b) If it became necessary, because of an accident, to have repairs made abroad in order to enable the vehicle to continue the tour and return under its own power, the compulsory repairs so made shall be exempt from duty and taxes provided that such exemption from duty and taxes shall not be allowed on repairs exceeding \$200 in value, except with the authority of the department. In cases where no accident to the vehicle has occurred, but tire casings or inner tubes, or both, have been replaced in the ordinary course, exemption from duty and taxes may be granted under this regulation on one tire casing and one inner tube only.

(c) If additional equipment is installed and when the Provincial Motor Vehicle Permit expires, a new Identification Form E-60 is required.

9. *Vehicles Carrying Two-way Radio Installations, or "Mobile Telephones"*—Pending international arrangements whereby the apparatus may be utilized in either country, vehicles equipped with mobile telephones may be permitted entry into Canada under Traveller's Vehicle Permits or Commercial Vehicle Permits as the case may be, provided the installations are secured by Customs seals in such a manner as to prevent operation in Canada. After the installation has been placed under seal and noted on the permit form, the vehicle will be allowed to proceed. On report outwards the seal will be removed by the Customs Officer. Should the seal be found to have been broken or removed, the vehicle will be subject to seizure.

10. *Carrying Goods in Transit Only*.—Highway vehicles may enter Canada without payment of duty on such vehicles and return to the United States when employed in conveying goods (dutiable or not) in transit in bond through Canada from one point or points in the United States to another point or points therein, under the following regulations:

(a) Motor vehicle operators desiring to become bonded carriers as provided for in these regulations shall make application to the Department of National Revenue, Ottawa, for the privilege.

(b) Upon the application being approved, the applicant shall be required to submit to the Department the bond of a Guarantee Company acceptable to the Dominion Government in approved form as set forth in Appendix I hereof in a penal sum to be fixed by the Minister not to exceed \$80,000, the bond to remain in full force and effect for a period of twelve months unless revoked prior to expiration, and shall be subject to renewal thereafter annually with the approval of the Department.

11. *In Transit Movements by Highway Through the United States*.—Canadian highway vehicles may enter the United States and re-enter Canada without payment of duty on such vehicles when employed in conveying passengers and their baggage and/or merchandise in transit in bond through the United States from one point in Canada to another point therein under certain regulations.

*For further regulations, Consult Collector of Customs at nearest port.*

#### AIRCRAFT IMPORTED TEMPORARILY BY NON-RESIDENTS FOR PLEASURE PURPOSES

1. Advance notice of arrival:

(a) Prior to departure for Canada from a foreign airport, advance notice of date and approximate time

of arrival shall be given to the proper officer of Customs.

(b) Advice to Customs officers as to time and place of first arrival at a Canadian Customs airport shall be forwarded by mail, telephone or telegraph. If considered advisable, the tourist may request the Canadian Customs officer to furnish a reply, which can then be carried into Canada by the pilot. The importance of this will be realized when one considers the possibility of overflying the intended airport or landing at another place by mistake, or making a forced landing, in all of which cases the reply from the Canadian Customs Officer will assist in establishing the bona fides of the tourist in making his report to Customs or the Royal Canadian Mounted Police, as the case may be. Without such a telegram the tourist's presence at a place where no advance notice of his arrival had been received might render him subject to suspicion.

(c) Advance notice as referred to above will not be necessary if first landing is to be made at Dorval Airport, Montreal, P.Q., at which point 24-hour service is maintained.

#### 2. Formalities on landing:

(a) First alighting of the aircraft shall be made at a Customs airport or airfield designated as such by the Department.

(b) On arrival, the owner or pilot of the aircraft shall report to the proper officer of Customs.

(c) Provided he is satisfied that the aircraft is being imported and will be used by a non-resident for purposes of health and pleasure only and not for trade or profit, the Customs officer may issue Permit Form C-15 for a period not exceeding 3 months.

(d) Should subsequent landings be made in Canada prior to final departure, no report at Customs is necessary provided the owner or pilot is in possession of a valid Form C-15. However, he shall produce the same to Customs or airport officials, or police authorities, on request, as evidence of his right to alight without report at Customs.

#### 3. Formalities on departure:

The owner or pilot of the aircraft shall, prior to the final take-off for departure from Canada, which shall be made from a Customs Airport or Airfield designated as such by the Department, report to the proper officer of Customs and surrender Permit Form C-15.

#### AIRCRAFT EXPORTED TEMPORARILY TO THE UNITED STATES, ALASKA AND NEWFOUNDLAND BY CANADIAN RESIDENTS FOR PLEASURE PURPOSES

4. In simplifying the requirements for the reporting of pleasure aircraft the Department has waived the necessity of the pilot (or tourist) furnishing written outwards and inwards reports in respect of aircraft under Canadian registry owned by residents of Canada and operated by them for purposes of private flying only and not for the transportation of goods or passengers for gain or hire. Departure must be made from, and the first landing on return must be made at, a Customs airport or airfield of entry and exit.

It is obvious that some means of identification of Canadian machines must be provided in order that the way may be open for their return without being liable to assessment of duty and taxes.

The Department has authorized a special identification form (Form E. 61) for this purpose. Particular attention should be paid to the fact as to whether or not the aircraft is supplied with heater, radio, etc. Note of the serial numbers of the tires, engine and propeller should be taken.

#### TOURISTS' OUTFITS
